

CS559 – Project 1 Survey

We would like to get some feedback on this assignment, both to improve things for future generations of CS559 students, but also to have better projects later this semester.

What you answer here will not affect your grade or our opinion of you. We promise not to try to figure out who said what. So please do not write your name or any other identifying information on your response. This survey is not optional – we really want everyone to do it. However, because it is anonymous we have no way to check to make sure everyone did. Please help us out by returning your survey either in class on Thursday October 19th, or dropping it in one of our mailboxes before class. We will not look at these until project grading is complete.

Please circle an answer (so its easy for us to sort through them), or fill in the blank

1. Did you turn the project in by the Tuesday deadline? YES NO
